

VISIBILITY COPORATION

Software Engineer (3+ years of experience)

Who We Are:

Visibility delivers on premise and hosted application software solutions, consulting, and support that help leading Manufacturer's optimize their business to achieve sustainable success. Our solutions specifically help organizations better understand, track, report on and manage their business activities from start to finish.

Who We Are Looking For:

We are looking for people that want to take the next step in their career with a solid, well established and energetic company that believe in our vision "delight every customer". Successful candidates will be smart, charismatic individuals with the ability to interact with our customers and have an impact on our product using the latest web technology. Successful candidate will be part of the team responsible for enhancing and further developing a fully integrated web-based ERP solution.

You'll be a good fit for this position if you can:

- Independently and quickly learn Visibility Solution(s).
- Understand business applications.
- Be a self-motivated team player ready to embrace working in our North Andover MA office M-F.
- Multi-task and function efficiently with very aggressive schedules/timelines.
- Apply technical and functional leading practices as applicable to each project.

Minimum Requirements:

- Ability to work in the US without sponsorship.
- A Bachelor's degree or equivalent in Computer Science or other related field.
- 3+ years' experience with enterprise class software development. Familiarity with business applications, application development, ERP experience a plus
- Experience with, HTML, Java, JavaScript, ASP.net, User Interfaces
- Experience with SQL

Visibility offers a competitive compensation package including unlimited bonus potential, a comprehensive benefits package, career development/training assistance and an innovative, entrepreneurial atmosphere.
